

ENVIRONMENTAL PACKAGING LABELLING

In connection with legislative decree no. 116/2020 concerning the implementation of EU directives 2018/851 and 2018/852 on packaging and packaging waste, as of 01/01/2023 all types of packaging must display the coding of the composition materials in accordance with Decision 129/97/EC. In this regard, please see below the tables for each type of packaging used for our products where the alphanumeric coding is shown.
