PROPERTIES

Il **BERFAT CRS**, was born from a detailed study in our laboratory, is presented as universal fatliquor (compound) to get scabs Suede with touch very full and silky, or flower with a round hand and a very fine grain.

This particular fatliquor has been studied for the needs of the market where to optimize the use of oils of various nature.

BERFAT CRS has been specifically designed as the only fatliquor to get velor with writing effect and round; in the case of calves for shoes with **BERFAT CRS** you can work just with him to obtain a very full skin, a very fine grain and clean without compromising the firmness of the flower.

BERFAT CRS can also be used in combination with other fatliquors after having tried stability.

USAGE METHOD

It is recommended to use it in proportions that vary from 5 – 14%
