<i>Ageing stability:</i>	<i>good</i>
<i>Storage:</i>	<i>6 months in normal conditions</i>
<i>Chrome stability:</i>	<i>yes</i>
<i>Electrolyte stability:</i>	<i>yes</i>

PROPERTIES

SOLFOL ES is a fatliquor suitable for light garment, as lightness is right the main characteristic of this product.

Of course, it owns also noticeable fullness, softness, rustproof properties and can be defined a complete product for garment.

USAGE METHOD

SOLFOL ES can be used also in blend; but, considering its complex nature, we recommend prior stability test of the blend you will prepare.
